

A Quote from Gurjit Dhanoa

Project Manager, Heathrow Airport Development Projects

I have worked with Dom for many years and most recently as part of the Client team that Dom supports. Dom is the most professional, dedicated and efficient Lead planner I have worked with, her outputs are very efficient and exceeds the deadlines set each time. I believe Dom goes more than the extra mile for the client and delivers so much more to the project team than just planning, her innovative thinking and solutions are always at hand to ensure the project is on track and taking advantage of opportunities that may not be immediately evident at the time. This is level of service is provided through Dom's valuable knowledge and experience
