

## A Quote from Sarab Dogra

Project Manager, Heathrow Airport Development Projects

Dominique & I worked together at Heathrow, where she provided me with expert planning & scheduling for my projects. Dominique's expertise massively improved the direction of my projects, and I really valued her honest, direct counsel. In the time we worked together, I gained a solid knowledge of key planning and scheduling logic that I can apply to future projects. Dominique possesses an enviable work ethic and a real collaborative spirit that would make her a vital asset to any organisation. I would absolutely welcome the opportunity to work with Dominique again.
